

Advice Drop in

These drop-ins take place each Wednesday. The surgery provides free, independent, multilingual and culturally sensitive housing information and advice.

The Housing Advice Surgery is here to help if you are facing difficulties with your current housing or you need help to look for somewhere to live.

It offers advice surrounding homelessness prevention, improving residents' knowledge of the housing options open to them, security of tenure, tenancy sustainment, housing benefit, relationship breakdown and possession proceedings.

The service will maintain client confidentiality and an equal opportunities policy to match, striving to deliver an invaluable service for the community.

At
Aksa Housing Office
Wednesday
2pm - 4pm

No appointment
required.

Comments from AKSA clients

“I feel safe in my home I am more confident and have good self esteem”

“I was getting nowhere until I started receiving support and then I made progress and my life has improved dramatically”

“overwhelmed as feels more confident after speaking to a support worker”

We are able to provide literature in different languages and also in the following formats: large print, Braille and audio-tape.

Should you require this document in any of these different formats, please contact us on 0161 626 2992 or address below.

Housing Support Services

Support is provided to each person whether they live on their own or share - they can choose what they want support for and live much more independently.

We help a wide range of people to live independently in the community, by providing practical support and advice.
