What to do next

The checklist, overleaf, asks about the qualities and experiences you can offer the Young People’s Group. The checklist is a guide only and you will **not** be expected to have answered yes to all the qualities and experiences on the list.

You will be invited to an informal chat in the near future when we will ask you about some of the qualities and experiences you have identified on the checklist. The chat is intended to find out about your interests and what you could offer to the Young People’s Group. It will be very informal and you will not be asked anything that is not covered on the checklist.

Please advise us if you have any particular needs which will need to be considered when you meet with us.

When would be your preferred time to meet with us:

Afternoon	
Early evening	

Remember, you will **not** be expected to answer yes to every question.
